Special Education Teacher Roles & Journify Expectations

Opening Discussion

Every student learns differently and brings unique strengths and needs to the classroom. Think about your classroom and the ways you've adjusted your instruction to help all students succeed.

What are some ways you have differentiated instruction without even realizing it?

How did those adjustments help students be successful?

Confidentiality Non-Negotiables

- Access student information only for legitimate educational purposes.
- Keep IEP-at-a-Glance documents secure.
- Do not enter personally identifiable student information into public AI tools.
- Use Journify's built-in AI tools when adapting student materials.

Which expectation do you think is the easiest to overlook during a busy school day?

IEP at a Glance: Reflect & Discuss

1) Which accommodations are already part of your daily instruction, and which require intentional planning?

2) Are there any accommodations or terms you need clarified?

3) What adjustments will you need to make to your classroom routines to ensure these accommodations are provided consistently?

What are some ways you've differentiated instruction without even realizing it?

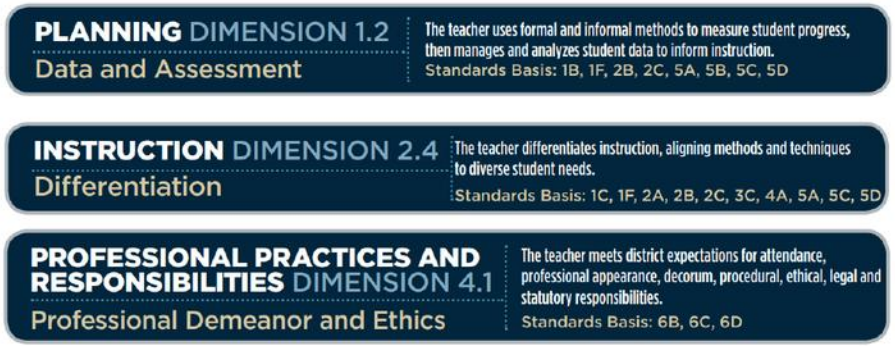

How did those adjustments help students be successful?

Objectives

Teachers will be able to:

- Review student accommodations and understand confidentiality expectations.
- Document accommodations and collect appropriate work samples in Journify.
- Utilize Journify's AI features to efficiently adapt classroom instruction.

T-TESS

Planning

- → **1.2 - Data and Assessment**

Instruction

- → **2.4 - Differentiation**

Professional Practices and Responsibilities

- → **4.1 - Professional Demeanor and Ethics**

Confidentiality

Confidentiality Expectations

1. FERPA applies to all student records.
2. IEPs and accommodations are confidential and should only be shared with staff who have a legitimate educational interest.
3. Keep IEP at Glance sheets secure. Do not leave them unattended or visible to others.
4. Do not download IEPs or other special education records onto personal or unsecured devices.
5. **Do not enter personally identifiable information into public AI tools. We will use Journify's built-in AI features instead.**
6. When in doubt, ask. Protecting student privacy is everyone's responsibility.

Silent Stop and Jot

Which expectation do you think is the easiest to overlook during a busy school day?

IEP at a Glance

SEE IT

Directions: Take 4-5 minutes to review your IEP at a Glance. As you read your students' accommodations, annotate your copy using the following key:

Annotation Key:
Star accommodations that require planning before class.
Checkmark accommodations you already provide regularly to all students.
Question mark accommodations you would like clarified.
N/A Mark setting- or activity-specific accommodations. Ask the special education teacher if you are unsure.

IEP at a Glance: Reflect & Discuss

Think - Pair - Share

1. Which accommodations are already part of your daily instruction, and which require intentional planning?
2. Are there any accommodations or terms you need to clarify?
3. What adjustments will you need to make to your classroom routines to ensure these accommodations are provided consistently?

Checks for Understanding

CFU #1

NAME IT

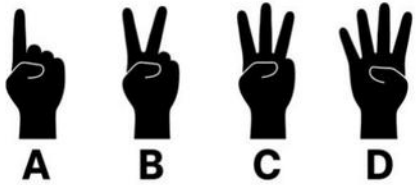

You want AI to help modify a worksheet for a student. Which is the appropriate action?

A. Paste the student's IEP into ChatGPT.

B. Upload the student's FIE to ChatGPT.

C. Use Journify's built-in AI tools.

D. Email the IEP to another teacher for help.

CFU # 2

NAME IT

True or False:

Every accommodation listed on an IEP will apply during every lesson.

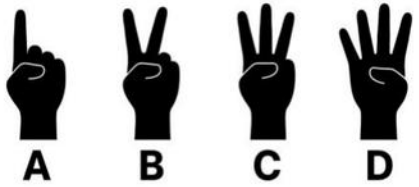

CFU # 3

NAME IT

Which of the following requires the most immediate action after today's training?

A. Memorize every accommodation for every student.

B. Keep IEP information confidential while becoming familiar with each student's accommodations.

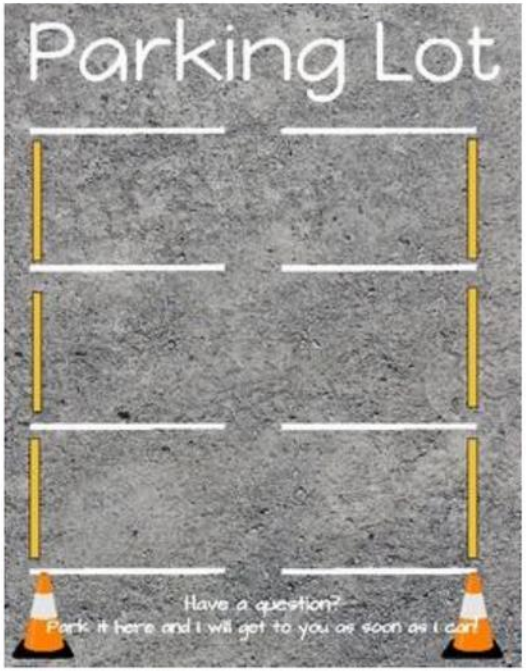

C. Wait until the first test to review accommodations.

D. Only review accommodations if the student asks for them.

Key Point

Know the accommodations. Protect the information. Implement with fidelity.

Journify

What is Journify?

Journify is our special education platform and central location for:

- Accessing student profiles and goals
- Documenting accommodations
- Collecting data by uploading work samples
- Using built-in AI to adapt instructional materials
- Monitoring progress and supporting compliance

Documenting:
Every Teacher, Every Setting

WHO DOCUMENTS? Every teacher, in every setting.

WHY? When every teacher documents, the team can:

- Identify which supports help the student succeed.
- Notice where the student may need additional support.
- Understand patterns when accommodations are used or refused.
- Make better instructional decisions based on the student's experiences across classes.
- Provide more consistent support throughout the day.

Login

DO IT

1. Go to www.journify-learning.com
2. Log in.
3. Place your computer at a 45-degree angle when steps 1–2 are complete.

My Students

Use My Students to:

- View assigned students and determine whether they are (IEP, 504, MTSS, EB)
- Review IEP goals
- Review accommodations

For today's activity, focus on the student's academic and functional IEP goals rather than transition goals.

Track Progress

Use Track Progress to:

- Upload student work samples.
  - Select IEP Goal Progress
  - Select Student Name
  - Click **Simplified Upload**
  - Upload Sample using:
    - QR code (recommended)
    - Manual upload (if needed)

How often do you document?

Upload **2 work** samples per student, per grading period.

Track Progress Continued

DO IT

Use Track Progress to:

- Document provided or refused accommodations.
  - Select the Accommodations tab.
  - Click **Log Accommodation**.
  - Select the student.
  - Select the accommodation and mark it provided or refused.
  - Enter the date.
  - Create a separate entry for any *refused* accommodation.

How often do you document?

Daily classroom accommodations: 3 entries per student, per grading period

Assessment accommodations: 1 assessment entry per student, per grading period

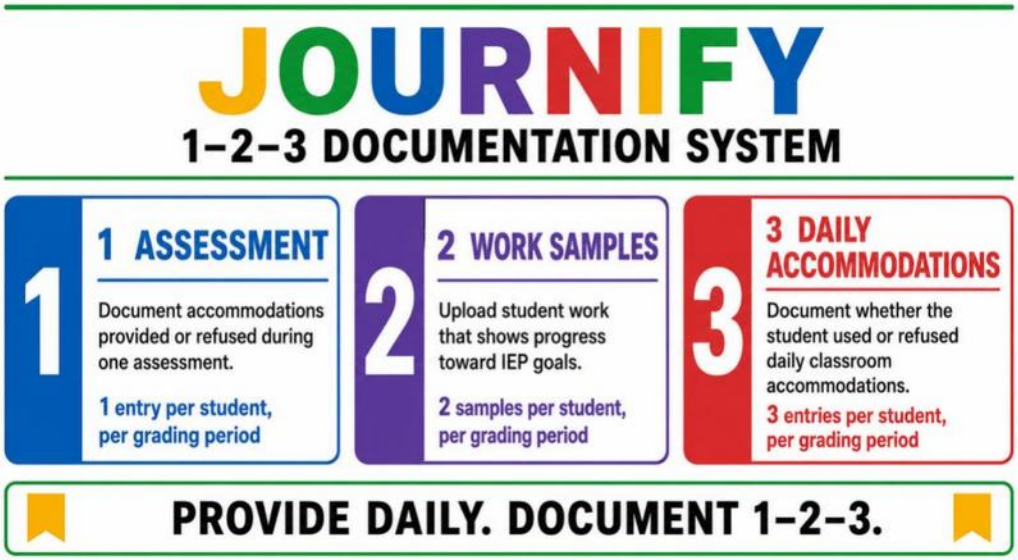

Generate Interventions

DO IT

Use Generate Interventions to:

- Create AI-generated deliverables for students who need modified or accommodated work.
  - Select the student.
  - Select the goal that best aligns with the assignment.
  - Click **Generate**.
  - Enter the needed specifications.
  - Review and adjust the material.
  - Export the final version.

Recap Expectations

Write - Pair - Share

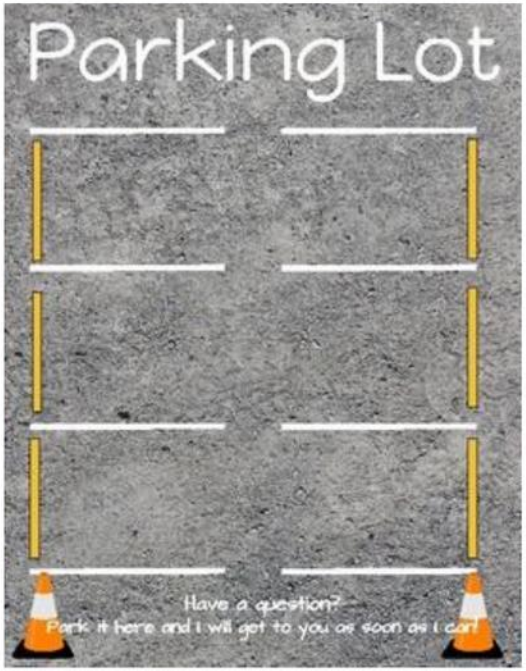

Answer the following questions:

- What routine can you build into your week to ensure your work samples and accommodations are documented consistently?
- How can documenting accommodations and work samples help support both your students and you as a teacher?

Key Point

Journify is our central tool for supporting students with IEPs. By reviewing accommodations, implementing them as written, and consistently documenting work samples and required accommodation entries, we support student success and strengthen our evidence of IEP implementation.
